## DETAILED ACTION

### *Amendment*

1. Receipt is acknowledged of the amendment filed on November 3, 2005. December 20,  
5 2003. In the amendment claims 1-4, 21, and 22 were amended, and claim 77 was newly added.  
Currently, claims 1-40, 44, 47-65, and 73-77 remain in the examination.

### *Allowable Subject Matter*

2. Claims 1-40, 44, 47-65, and 73-77 are allowed.
- 10 3. The following is the Examiner's statement of reasons for allowance: the claims are  
directed at methods and apparatus for encoding of metal welding wire with information  
pertaining and for controlling welding apparatus and process based on information extracted  
from the welding wire. Marking a welding wire, regardless of complicatedness of the marker, is  
generally known in the art as previously cited references disclose. However, the cited  
15 references, taken alone or in combination, fail to show or fairly teach the specific method and  
apparatus for arc welding wherein coded information includes a magnetic code having a plurality  
of code segments or binary code, and the method for utilizing such information.

Any comments considered necessary by applicant must be submitted no later than the  
payment of the issue fee and, to avoid processing delays, should preferably accompany the issue  
20 fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for  
Allowance."
